## Water is Life.....if it is Pure!

**Mechmann** Water Solutions is enabling to deliver affordable safe drinking water to most remote, low income village communities along with urban communities. Our business approach to the challenge of bringing safe drinking water to the Rural parts in India includes partnership with Commercial Institutions, International Agencies, Local, State, Central Government Authorities, Educational Institutions and Non-government Organizations.

**Mechmann** is committed to deliver quality Drinking Water meeting World Health Organization (WHO) standard as well as Indian Standard IS 10500. So far, we have designed & installed over 300 Packaged Drinking Water Plants delivering water as per IS 14543.

**Mechmann** is in the field of Water Treatment and Packaged Drinking Water since last 13 years. We have provided Water Treatment turn-key projects to Food, Pharmaceutical, Biotechnology, Chemical and Health Industry apart from Centralized Drinking Water Systems for Townships, Corporate Establishments. We also undertake ETP, STP projects for industrial segment. Our association with various NGOs and CSR Donors has lead us to install over 500 Water ATM in various parts of Maharashtra, Karnataka and Bihar States of India.
